□ Africa

1. **ZESCO (Zambia)** – State-owned utility managing Zambia's electricity generation, transmission, and distribution.
2. **Konkola Copper Mines PLC (Zambia)** – One of Africa's largest copper mining companies.
3. **Benin Electricity Distribution Company (Nigeria)** – Major Nigerian power distribution utility serving 4 states.
4. **Motisun Group (Tanzania)** – Diversified African conglomerate with steel, cement, plastics, and real estate.
5. **Shayona Cement Corporation (Malawi)** – Malawi's largest local cement manufacturer.
6. **B5 Plus (Ghana)** – West Africa's leading steel manufacturing and trading company.

□ Middle East

7. **Qatar Steel (Qatar)** – First integrated steel producer in the Gulf, major regional supplier.
8. **Saudi National Steel (Saudi Arabia)** – Leading rebar producer for Gulf construction.
9. **Welspun Middle East (Saudi Arabia)** – Manufacturer of large-diameter pipes for oil & gas pipelines.
10. **Watania Steel (Saudi Arabia)** – Riyadh-based producer of billets and rebars for construction.
11. **Sohar Steel Group (Oman)** – Integrated steel producer in Sohar supplying rebars and billets.

□□ India

12. **ITC Limited** – One of India’s most respected conglomerates with interests in FMCG, hotels, and agribusiness.
13. **Essar Steel (ArcelorMittal Nippon Steel India)** – Major integrated flat steel producer.
14. **Kalyani Steel** – Premium alloy and special steel supplier for auto and engineering industries.
15. **Shyam Metalics & Energy Ltd.** – One of India’s largest integrated steel and ferroalloy producers.
16. **Kirloskar Ferrous Industries** – A flagship of the Kirloskar Group, producing pig iron and automotive castings.

South Asia

17. **BSRM (Bangladesh)** – Bangladesh’s largest and most advanced steel re-rolling company.
18. **PHP Family (Bangladesh)** – Conglomerate with steel, float glass, and power divisions.
19. **Ambe Steels (Nepal)** – Leading TMT steel producer in Nepal.
20. **Abyssinia Integrated Steel (Ethiopia)** – East Africa’s largest steel producer, serving the regional market.

✅This selection ensures you are seen as a supplier to **utilities, mining giants, major steel producers, energy providers, and diversified industrial groups** across continents.

All Companies List (These are taken from YouTube videos)

- **Sarda Energy & Minerals Ltd.** – An Indian integrated steel and energy company engaged in mining, steel production (alloys, ferro alloys), and power generationkaranshah137.substack.com.
- **Balmukund Concast Pvt. Ltd.** – An eastern India-based steel manufacturer specializing in TMT bars and mild steel rods for constructionjustdial.com.
- **Viha Equipments Pvt. Ltd.** – A Mumbai-based industrial trading company exporting steel rolling mill machinery, re-heating furnaces, and related equipmentvihaequipments.co.in.
- **ITC** – A major Indian multinational conglomerate (headquartered in Kolkata) with diversified businesses in FMCG, hotels, packaging, paperboards, and agribusinessuptimeinstitute.com.
- **Benin Electricity Distribution Company (BEDC)** – One of Nigeria's eleven power distribution companies, serving Edo, Delta, Ondo, and Ekiti states with electricity supplyen.wikipedia.org.
- **Qatar Steel** – Qatar's first integrated steel plant (established 1974), a leading Gulf-region steel producer of direct-reduced iron, billets, and rebarsen.wikipedia.org.
- **TANELEC** – An Arusha, Tanzania-based manufacturer of electrical distribution transformers and switchgear, the largest in East and Central Africatranscentury.co.ke.
- **Karabuk Steel (Kardemir)** – A Turkish steel manufacturer based in Karabük, producing iron and steel products such as profiles, rails, billets, and beamsbloomberg.com.
- **Landcraft Industries** – A fully integrated steel manufacturer in Lagos, Nigeria, producing billets, TMT reinforcing bars, equal angles, and U-channel sectionssignalhire.com.
- **Saudi National Steel (SNS)** – A Saudi Arabian steel company (owned by ANIE LLC) that manufactures high-quality steel rebars for constructionsaudisteel.livepositively.com.
- **Dina Iron & Steel Ltd.** – An Indian steel company (Patna, Bihar) manufacturing billets, wire rods, and TMT reinforcing bars for the construction industrypitchbook.com.
- **Adix** – *Info not available*
- **RSRM (Ratanpur Steel Re-Rolling Mills)** – A Bangladeshi steel manufacturer producing mild steel rebars of various grades for local infrastructurestockanalysis.com.
- **Ambe Steels** – A leading Nepali steel producer (Ambe Group) established in 2009, manufacturing Thermex-technology TMT bars for constructionambegroup.com.
- **Dana Steel** – A UAE-based steel manufacturer (part of the DANA Group) producing galvanized steel coils, pre-painted sheets, and other steel products exported globallydanasteel.com.
- **Raval Steel Manufacturing PLC** – An Ethiopian steel company (based in Bahir Dar) producing steel building materials like hollow sections, reinforcement rebars, flat and angle barsir.bdu.edu.et.
- **Abyssinia Integrated Steel PLC** – An Ethiopia-based steel manufacturer and supplier focused on reinforcement rebar production for the domestic market2merkato.com.
- **ZESCO** – Zambia's national electricity utility (state-owned), responsible for generation, transmission, and distribution of power across the countryzesco.co.zm.

- **Triblem's Enterprises** – *Info not available*
- **GSI** – *Info not available*
- **Shayona Cement Corporation** – Malawi's largest local cement manufacturer (est. 1994), producing a range of cement brands for national construction needsshayonacement.com.
- **FF Steel** – One of Pakistan's largest steel bar manufacturers (400,000+ tons capacity), known for producing Grade-60 and Grade-80 rebars for constructionff.com.pk.
- **PHP Family** – A Bangladeshi conglomerate based in Chattogram, with businesses spanning steel, float glass, textiles, power, and other industrial sectorsphpfamily.com.
- **Anwars (Anwar Group of Industries)** – A diversified Bangladeshi conglomerate (est. 1834) with major interests in steel (Anwar Ispat), cement, textiles, finance, and moreen.wikipedia.org.
- **KSRM (Kabir Steel Rolling Mills)** – A Bangladeshi steel company based in Chattogram, producing high-strength TMT rebars and other steel products for construction[gem.wiki](https://www.gem.wiki/KSRM_Sitakunda_steel_plant#:~:text=KSRM Sitakunda steel plant ,).
- **Melwa (Melwire Group)** – Sri Lanka's largest steel producer, manufacturing "Melwa" brand TMT steel rebars that are widely used in the construction industrydevelopmentaid.org.
- **Magnum Steel Industries Ltd.** – A Bangladesh-based steel rolling company producing mild steel rods (rebars) for civil construction, with a focus on quality and safetymagnumsteelbd.yolasite.com.
- **GPH Ispat** – A leading integrated steel manufacturer in Bangladesh (Chattogram), producing MS billets and high-quality rebars for domestic infrastructuregph-cr-test.vercel.app.
- **Rahim Group (Rahim Steel)** – A prominent Bangladeshi steel manufacturer (est. 1958) that produces a wide variety of steel products (rebars, sections) for constructionrahimgroup.com.bd.
- **Mughal Steel** – A leading Pakistani steel company (Mughal Iron & Steel Industries) that manufactures a range of steel products including rebars, beams, angles, and girdersen.wikipedia.org.
- **SK Engineering Works** – *Info not available*
- **Sohar Steel Group** – An Omani steel conglomerate (est. 1996) in Sohar with multiple units (Sharq Sohar Steel Rolling Mills, MECI, Steel Melt Shop) producing high-strength rebars and billetsoerlive.com.
- **TMT** – *Info not available*
- **SCRC** – *Info not available*
- **FSL (Fazal Steel Pvt. Ltd.)** – A leading steel rolling mill in Pakistan (Islamabad), manufacturing high-quality steel rebars and billets under the FSL Groupinstagram.com.
- **Kamal Steel** – A Tanzania-based steel manufacturer (Kamal Group) and one of East Africa's largest producers of high-tensile rebar for constructionkamal-group.co.tz.
- **Copperbelt Energy** – Copperbelt Energy Corporation Plc, a premier Zambian power company supplying electricity (generation, transmission, distribution) primarily to minesen.wikipedia.org.

- **Shree** – *Info not available*
- **IS** – *Info not available*
- **Proton Steel** – *Info not available*
- **NSM** – *Info not available*
- **Djibouti Steel** – The first steel factory in Djibouti (est. 2018), manufacturing ASTM Grade-60 reinforcing steel bars for the local construction industrydjiboutisteel.com.
- **Rutal Steel** – *Info not available*
- **Bhavisha** – *Info not available*
- **AE** – *Info not available*
- **Kaptan Şirketler Grubu** – A major Turkish industrial conglomerate (est. 1964, Kaptan Group) with businesses in steel (Kaptan Demir Çelik), shipping, logistics, energy, mining, etc.kaptangrupturkiye.com.
- **Kocher** – *Info not available*
- **Welspun Middle East** – A Saudi-based subsidiary of India's Welspun Group, manufacturing large-diameter welded steel pipes (e.g., HSAW/LSAW) for oil and gas pipelinesmig.sa.com.
- **Geo Steel** – A steel mini-mill in Rustavi, Georgia (GeoSteel LLC), a JV with JSW Steel, and one of the country's largest industrial investors, producing rebar and other long productsgeosteel.com.ge.
- **SNS** – *Info not available (see Saudi National Steel above)*
- **Real Ispat & Power Ltd.** – The flagship company of India's Real Group (Raipur), a fully integrated steelmaker (from iron ore to finished TMT bars and wires) with captive power facilitiesrealgroup.orgrealgroup.org.
- **Hulas Steel** – A leading Nepali steel company (Golchha Group) known for galvanized/color-coated roofing sheets and steel pipes, serving Nepal's construction sector since 1981instagram.com.
- **SS Steel** – S. S. Steel Limited, a Bangladeshi steel manufacturer producing MS billets and various grades of deformed steel rebars for constructioncbonds.com.
- **Mahamaya Steel** – Mahamaya Steel Industries Ltd., an Indian steel manufacturer in Raipur known for heavy structural steel products like I-beams, H-beams, angles, and channelssg.finance.yahoo.com.
- **Kathuria (Kathuria Rollmill Pvt. Ltd.)** – An Indian engineering firm that provides turnkey solutions for steel rolling mills, manufacturing rolling mill stands, gears, and other mill equipmentbloomberg.com.
- **Metaroll (Metarolls Ispat Pvt. Ltd.)** – An Indian TMT bar producer (based in Jalna) known for corrosion-resistant, high-strength TMT bars with NABL-certified quality labsmetarolls.com.
- **SRMB** – SRMB Srijan Pvt. Ltd., an Indian steel company (founded 1951 in Kolkata) and a leading manufacturer of TMT rebars and structural steel, famed for its Tempcore-certified Fe550 barsen.wikipedia.org.
- **Maan Shakti** – Maan Shakti (Maanheruka Group), an integrated steel plant in eastern India producing quality TMT reinforcement bars and wire rods, with its own power generationinstagram.com.
- **Unitek** – *Info not available*

- **Chandrahasini Ispat Pvt. Ltd.** – An Indian steel company in Chhattisgarh operating induction furnaces and rolling mills to produce billets and TMT bars (for construction)ocmms.nic.in.
- **Salasar Alloy and Steel Industries Pvt. Ltd.** – An Indian manufacturer of steel wire products, offering galvanized iron wire, mild steel wire, and annealed binding wire in various gaugesjustdial.com.
- **Shyam Metalics** – Shyam Metalics and Energy Ltd., one of India's largest integrated steel and ferroalloy producers, specializing in long steel products (like TMT bars, wire rods) and ferro-alloysalphastreet.com.
- **Sugna Metals Ltd.** – A South India-based integrated steel manufacturer (Hyderabad) known for its **Sugna TMT** Fe-600 grade rebars and other premium steel productsyoutube.com.
- **KB Electricals & Engineers** – *Info not available*
- **NES Engineering** – *Info not available*
- **Avon Steel** – *Info not available*
- **Amon-TRY TMT** – **AMMAN-TRY** – a top TMT bar manufacturer in Tamil Nadu, India, producing Fe500D/Fe550D grade rebars with high earthquake resistance (40+ years in steel industry)ammantry.com.
- **Bhagyalaxmi TMT (Bhagyalaxmi Rolling Mill Pvt. Ltd.)** – An Indian steel company in Jalna (brand "Polaad") manufacturing high-quality TMT rebars and steel sections in a modern rolling millbloomberg.com.
- **Pulkit TMT (Pulkit Metals Pvt. Ltd.)** – A leading manufacturer of thermo-mechanically treated and corrosion-resistant steel bars in South India, known for its high-ductility rebarsengineermart.in.
- **Prakash Industries Limited** – An integrated steel and power company in India producing sponge iron, steel billets/blooms, and finished steel (and also involved in PVC pipe and power)finance.yahoo.com.
- **Nandan TMT (Nandan Steels & Power)** – An Indian steel producer in Raipur manufacturing Fe500/Fe550 grade TMT rebars ("Nandan TMT") and wire rods, with an integrated steel & power plantnandansteels.comfacebook.com.
- **Our Steel** – *Info not available*
- **A.R. Group of Industries** – *Info not available*
- **Nav Bharat Engineering Works** – An Indian manufacturer of rolling mill machinery and industrial gearboxes for steel mills, based in Ghaziabad, serving the steel industry since 1986gearroll.com.
- **PPLM** – *Info not available*
- **Nakoda TMT (Shree Nakoda Ispat Ltd.)** – An integrated steel plant in Raipur producing high-strength "Nakoda TMT" reinforcement bars from in-house ISI-certified billetssteelmint.com.
- **Shyam Steel** – Shyam Steel Industries Ltd., a primary steel producer in India (est. 1953) manufacturing TMT rebars, billets, and sponge iron, with a strong presence in infrastructure projects[shyamsteel.com](https://shyamsteel.com/about-us/#:~:text=Established in 1953%2C Shyam Steel,).

- **Bhawalka (Bhuwalka) Steel** – Bhuwalka Steel Industries Ltd., one of South India's largest steel rolled product manufacturers, producing TMT bars, angles, channels, beams, etc., since 1980sscreener.in.
- **Rishi IBC** – *Info not available*
- **HSAPI** – *Info not available*
- **Gaukesari (Gajkesari Steels)** – An Indian TMT bar brand ("Gajkesari 500") known for Fe500/500D earthquake-resistant rebars used in building constructioninstagram.com.
- **ARS 550 D TMT (ARS Steels)** – A Chennai-based steel company producing **ARS 550D** grade TMT bars, which are high-strength, ductile rebars with superior corrosion resistancearssteels.in.
- **Monarch Steel Company Pvt. Ltd.** – *Info not available*
- **Southern Lubrication** – *Info not available*
- **Scan Steels Ltd.** – An Indian steel company (Odisha) with 30+ years in steelmaking, producing **Shrishtii TMT** bars (rebars) as well as sponge iron and MS billets in an integrated plantfinance.yahoo.comscansteels.com.
- **Shri Rajbang** – *Info not available*
- **Aspen** – *Info not available*
- **Indrola TMT Bars** – **Indrola Steel Rolling Mills India Ltd.,** a Coimbatore-based rolling mill producing **Indrola** brand Fe-500D TMT steel bars known for high tensile strength and ductilitysrigoldensteels.com.
- **R-One Gold** – **A-One Gold TMT Bars** – a premium TMT rebar brand from A-One Steel Group (South India), offering Fe500D/Fe550D grade rebars with superior strength and corrosion resistanceaonesteelgroup.com.
- **Agarwal Group** – *Info not available*
- **Panchakanya** – **Panchakanya Steel Pvt. Ltd.,** part of Nepal's Panchakanya Group (est. 1995), manufacturing TMT steel bars (GreenPro certified) and other construction materials for the Nepali marketfacebook.com.
- **Vedic** – *Info not available*
- **Hans Ispat** – A Gujarat-based steel unit (acquired by Electrotherm in 2010) with capacity for ~120,000 TPA of TMT bars and 84,000 TPA billets, supplying construction-grade steeldomain-b.com.
- **NGA TMT Steel** – *Info not available*
- **JPL** – *Info not available*
- **IIWPL** – *Info not available*
- **Hanslshwar** – *Info not available*
- **Hira Power and Steels Ltd.** – An India-based producer of steel and ferro-alloys (silico-manganese, ferromanganese) with captive power, supplying alloy products for steelmakingbloomberg.com.
- **Wutania Steel** – **Watania Steel (National Steel Co.)** – A Riyadh-based Saudi steel company producing ~450,000 tons per year of billets and rebars for construction marketswataniasteel.com.
- **Arinex** – *Info not available*
- **Black Rock and Power Pvt. Ltd.** – *Info not available*
- **Khyati** – *Info not available*

- **GI** – *Info not available*
- **Galant (Gallantt) Metal** – *Info not available*
- **Sambhav** – *Info not available*
- **SKS Ispat** – **SKS Ispat & Power Ltd.,** an integrated steel and power company in central India (Chhattisgarh) producing sponge iron, billets, and TMT reinforcement bars for construction (Fe500/Fe550 grades)【*】.
- **Berry Alloys** – *Info not available*
- **KB TMT** – *Info not available*
- **Ganraj** – *Info not available*
- **Kirloskar Ferrous** – **Kirloskar Ferrous Industries Ltd.,** part of the Kirloskar Group, a leading Indian producer of pig iron and alloy castings (for automotive and industrial use) with iron-making facilities.
- **MIL** – *Info not available*
- **JMD Alloys** – *Info not available*
- **Monne** – *Info not available*
- **British Super Alloys** – An alloy and special steel manufacturer in Gujarat, India, producing high-quality alloy steel bars and billets for critical industrial applicationspitchbook.com.
- **FICA** – *Info not available*
- **Sathavahana Ispat** – An Indian company (Sathavahana Ispat Ltd.) manufacturing pig iron and ductile iron pipes, primarily used in pressure pipe infrastructure (based in Telangana).
- **Narayani** – *Info not available*
- **Gyscoal Alloys** – **Gyscoal Alloys Ltd.,** an Indian producer of stainless steel long products (angles, bright bars, flats) based in Gujarat, catering to domestic and international markets.
- **Surya Dev Alloys and Power** – **Suryadev Alloys & Power Pvt. Ltd.,** a Chennai-based integrated steel plant (with captive power) producing high-quality TMT rebars under the **Suryadev** brand for construction.
- **Hellios Tube Alloys** – *Info not available*
- **Shah Alloys** – **Shah Alloys Ltd.,** a Gujarat-based manufacturer of stainless steels and alloy steels (flats, plates, and long products), supplying to automotive, defense, and industrial sectors.
- **Khatu TMT** – *Info not available*
- **Sakthi Ferro Alloys** – *Info not available*
- **Vandanaa** – **Vandana Global Ltd.,** part of Vandana Group (Raipur, India), operating sponge iron kilns, steel furnaces, and rolling mills to produce billets and TMT bars for construction projects.
- **Vinayak Steels** – *Info not available*
- **Xindia** – **Xindia Steels Ltd.,** an India-based joint venture (India/China) operating an iron ore pelletization plant in Karnataka, supplying pellets as feedstock to steel mills【*】.

- **Essar Steel** – Formerly one of India's largest integrated steel producers (Essar Steel India) with a 10 MTPA plant, now part of ArcelorMittal Nippon Steel India, producing flat and long steel products.
- **APL Apollo** – **APL Apollo Tubes Ltd.,** India's leading manufacturer of structural steel tubes and hollow sections, offering a wide range of ERW steel pipes for construction and infrastructure【*】.
- **Divine Tubes** – *Info not available*
- **Skytech** – *Info not available*
- **PSST Pipes** – *Info not available*
- **Mahamaya Alloys** – *Info not available*
- **Mahurshi** – *Info not available*
- **Purvanchal Concast** – *Info not available*
- **DSAL Group** – *Info not available*
- **Apollo** – *Info not available*
- **Peekay Steel** – **Peekay Steel Castings (P) Ltd.,** an Indian steel company (Kerala) known for alloy steel castings and also producing **Peekay TMT** rebars for construction use【*】.
- **Sanvijay** – **Sanvijay Rolling & Engineering Ltd.,** a Nagpur (India) based steel rolling group manufacturing rebars, wire rods, and structural sections for infrastructure and engineering.
- **RR Ispat** – *Info not available*
- **Jindal Aluminium** – India's largest aluminium extrusion company (Jindal Aluminium Ltd.), producing aluminium profiles and rolled sheets/foils for industrial and architectural applications.
- **Kruthika** – *Info not available*
- **Super Smelters** – **Super Smelters Ltd. (Supershakti),** an Indian steel company in West Bengal producing sponge iron, billets, and **Supershakti** TMT bars, with a focus on quality and innovation.
- **Techno Therma** – **TechnoTherm Industries** – an industrial furnace and thermal equipment manufacturer (India) providing heat-treatment and reheating furnace solutions to steel rolling mills.
- **Iron Mark** – *Info not available*
- **Maxim** – *Info not available*
- **Kalyani Steel** – **Kalyani Steels Ltd.,** part of the Kalyani Group, an Indian manufacturer of forging-quality alloy and special steels (carbon, alloy steel bars) for automotive and engineering applications.
- **Kanishk Steels** – **Kanishk Steel Industries Ltd.,** a Chennai-based steel manufacturer producing billets and TMT rebars, catering largely to the construction sector in South India.
- **Saluja Gold** – **Saluja Steel & Power** (brand *Saluja Gold TMT*), an India-based TMT bar producer in West Bengal known for Fe500/Fe550 grade gold-branded rebars used in building projects.

- **AML Steel** – **AML Steel & Power Ltd.,** an Indian steelmaker (part of the Aathi group) operating in southern India, producing steel billets and TMT rebars and running a captive power plant.
- **PT Universal Steelindo Dynamika** – An Indonesian steel company (PT USD) involved in manufacturing steel products, such as structural sections or pipes (exact product range varies; established in Indonesia).
- **Nilkanth Steel** – *Info not available*
- **Pankaj Steels** – *Info not available*
- **Arjas Steel** – **Arjas Steel Pvt. Ltd.,** an Indian alloy steel manufacturer (formerly Gerdau Steel India) producing special bar quality (SBQ) steels for automotive and engineering industries.
- **Kannappan Iron & Steel** – *Info not available*
- **Aj Steel** – *Info not available*
- **Laxmi Steel** – *Info not available*
- **Agni Steels** – An Indo-Sri Lankan steel group (Agni Steels) operating a steel plant in Tamil Nadu and another in Sri Lanka, producing TMT rebars for construction with a focus on high quality.
- **Kathmandu (Pvt) Ltd.** – *Info not available*
- **Uma** – *Info not available*
- **Alambagh Steel** – *Info not available*
- **RD TMT** – *Info not available*
- **Hy-Tuf Steel** – *Info not available*
- **Steelmax** – *Info not available*
- **ABS Re-Rolling Mill** – *Info not available*
- **PFI** – *Info not available*
- **Tirumala** – *Info not available*
- **Maithan Steel** – **Maithan Steel & Power Ltd.,** an Indian steel company (associated with Maithan Alloys) producing TMT rebars and having captive power, focused on the eastern India market.
- **MSP** – **MSP Steel & Power Ltd.,** an integrated steel manufacturer in Chhattisgarh, India, producing sponge iron, billets, structures, and TMT bars, along with captive power generation.
- **Ankit** – **Ankit Metal & Power Ltd.,** an Indian steel company (West Bengal) manufacturing pig iron, billets, and rebars, catering to the construction and infrastructure sector in East India.
- **Prime Gold** – **Prime Gold Group,** an Indian producer of TMT steel bars, cement, and other construction materials, known for its nationwide brand of Fe500D TMT rebars and related products.
- **Indus 555-D TMT** – *Info not available*
- **Shailputra** – *Info not available*
- **Vijay Steel** – *Info not available*
- **JBG (Jai Balaji Group)** – Jai Balaji Group, a major steel producer in Eastern India, operating integrated steel plants that produce pig iron, DRI, billets, reinforcement bars, and alloy steels.

- **VSL** – *Info not available*
- **Aiming Higher** – *Info not available*
- **BSRM** – **Bangladesh Steel Re-Rolling Mills Ltd.,** Bangladesh's leading steel company (est. 1952) known for top-quality construction rebars and other long steel productsen.wikipedia.org.
- **Tripura Ispat** – *Info not available*
- **Minera** – *Info not available*
- **Meenakshi Steel** – *Info not available*
- **Omi Forge** – *Info not available*
- **Bhagwati Power and Steel** – An Indian steel company in Chhattisgarh (Bhagwati Power & Steel Ltd.) producing sponge iron, billets, and TMT bars, along with its own power generation for steelmaking.
- **Manaksia Limited** – An Indian industrial group (Manaksia) with operations in steel (galvanized and color-coated sheets/coils), packaging, and other sectors, exporting products globally.
- **African Commodities DMCC** – A Dubai-based trading firm focusing on commodities from Africa (such as metals and minerals), facilitating supply chain and export of African industrial commodities.
- **Motisun Group** – A Tanzanian conglomerate with diverse businesses, notably its steel division (MMI Steel) producing reinforcement bars and steel products, as well as interests in cement, plastics, etc.
- **Sunflag** – **Sunflag Iron & Steel Co. Ltd.,** an Indian steel manufacturer (Nagpur) specializing in high-quality alloy steels and automotive-grade special steels, part of the global Sunflag group.
- **Konkola Copper Mines PLC** – A leading Zambian copper mining company operating the Konkola and Nchanga mines and smelter, producing copper cathodes as one of Zambia's largest exporters【*】.
- **Landcraft Industries Nigeria** – *(See Landcraft Industries above; Nigerian steel manufacturer of billets and rebars)*
- **Shikhara** – *Info not available*
- **CSRM (Chittagong Steel Re-Rolling Mills)** – A steel rolling mill in Bangladesh (Chattogram) producing deformed rebars and other long steel products for the construction industry【*】.
- **Prime Steel Mill** – *Info not available*
- **B5 Plus** – West Africa's prominent steel company based in Ghana, **B5 Plus Ltd.,** manufacturing steel rebars, pipes, and plates and serving as a major steel importer and supplier in the region.
- **Redwan Steel** – *Info not available*
- **Pashupati Steel** – A Nepalese steel company (Pashupati Steels) producing TMT rebars and structural steel, supplying domestic construction projects (part of Pashupati Group in Nepal).

- **SCO** – *Info not available*
- **SR Steel** – *Info not available*
- **Jayceemba Steel** – *Info not available*
- **Rayal** – *Info not available*
- **Melwire Rolling** – *(See Melwa above; Melwire Rolling Pvt. Ltd. of Sri Lanka, producer of Melwa TMT rebars)*
- **Vedik** – *Info not available*
- **Kohinoor Steel** – A regional steel re-rolling company (commonly the name in South Asia) producing mild steel bars; **specific info not available**.
